

## Amaya Supancich-McCord

Santa Cruz, CA | amaya.s.mccord@gmail.com | 831-345-8626 | /in/amaya-supancich-mccord

Detail-oriented data professional with experience maintaining records, validating data quality, organizing large datasets, and communicating information to diverse stakeholders. Experience supporting public-sector and nonprofit organizations through data management, reporting, and administrative processes. Strong skills in Excel, database systems, quality assurance, and collaborative problem-solving.

### EDUCATION

---

**Willamette University** - Salem, OR

*M.S. in Data Science - GPA 4.00*

August 2026 (expected completion)

*B.S. in Data Science, summa cum laude - GPA 3.92*

May 2026

### SKILLS

---

**Data Management:** Data cleaning, validation, quality assurance, structured datasets

**Data Visualization and Communication:** ggplot, dashboards, stakeholder presentations

**Programming & Tools:** R (advanced), Python (intermediate), SQL (intermediate), Excel, Office 365

**Data Analysis:** Statistical modeling, hypothesis testing, regression analysis, experimental design (DOE)

**Other:** Survey design, observational studies, data storytelling, user-focused communication

### EXPERIENCE

---

**Data Management Intern, Salem Multicultural Institute, Salem, OR**

(Apr 2026 - present)

- Maintained and organized organizational datasets to support reporting and decision-making.
- Conducted data validation and quality assurance checks to improve data accuracy.
- Prepared reports and analyses for organizational stakeholders.
- Analyzed engagement data to identify trends and support strategic planning initiatives.

**Planning & Community Development Intern, City of Santa Cruz, Santa Cruz, CA**

(Jun - Aug 2024 / 25)

- Performed data validation and quality assurance reviews on municipal records to ensure completeness and accuracy.
- Maintained and organized electronic records using OnBase and TRAKiT database systems.
- Entered, updated, and verified information across digital recordkeeping systems.
- Collaborated with staff across departments to support data requests, documentation, and public-sector operations

**Queer Student Union Executive Team, Willamette University, Salem, OR**

(Jan 2024 - May 2026)

- Developed and delivered clear written and visual communications for events and outreach.
- Collaborated across teams to coordinate initiatives, strengthening teamwork and communication skills.

### PROJECTS

---

**Wildfire & Drought Data Management Project - Fundamentals of Data Engineering**

- Combined and organized information from multiple public data sources using PostgreSQL to create a consistent dataset for analysis and reporting.
- Performed data validation and quality checks to identify and resolve inconsistencies across records.
- Prepared summaries, documentation, and reports to support clear communication of findings and data limitations.

**Indigenous Fire Stewardship Research Project - Data Science Capstone Project**

- Organized, cleaned, and maintained large datasets from multiple public sources, ensuring accuracy and consistency across records according to documented criteria.
- Maintained clear documentation of data sources, preparation methods, and quality assurance procedures to support transparency, ethical considerations, and appropriate use of public datasets.
- Prepared reports, visualizations, and presentations that communicated findings clearly to diverse audiences.

**Community Engagement Data Analysis - Designing Persuasive Campaigns**

- Collected, organized, and analyzed survey data to understand community engagement patterns.
- Prepared reports and visual materials to communicate findings to stakeholders.
- Recommended improvements based on data insights and community feedback.
